

2019-2020 CONCERT & SYMPHONIC BAND CALENDAR

To view all dates and events online, click to our Google calendar at redwoodmusic.us/calendar.

All individual/performance/non-weekly events are highlighted as "all day" events.

Please take a moment and reserve all applicable dates and events for the year on your calendars.

The success of any group performance is dependent on the contributions of each and every student performer!

By joining a group, students are committing to all of their group's rehearsals and performances. Students are directly responsible for working out conflicts with their performance ensembles and other activities with sufficient timing (rehearsal conflicts at least 48 hours ahead of time, performance conflicts at least one month ahead of time). This is out of respect and commitment to their group, their peers, and their teacher.
